

Miracle Method saves homeowners money by updating bathroom

For most people, the easiest and least expensive solution to updating a bathroom is to have the old surfaces finished with the newest materials and colors.

If your countertops and backsplash are still in good condition but have seen better days, consider refinishing rather than going through the messy and expensive job of replacing them.

As a full-service refinisher, Miracle Method can repair and restore porcelain, acrylic, fiberglass, ceramic, laminated and cultured marbled surfaces on countertops, backsplashes, tubs, showers, sinks, walls and floors, saving clients up to 70 percent of the replacement cost.

Before selling their 32-year old home, Henry and Kimberly Zaborniak wanted to remodel the bathroom. They originally planned to tear everything out and have a new tub, shower, and vanity installed. But then they bought a home and didn't have a lot of time for a major remodel job.

"We were running short on time," said Henry, "and replacing everything would have taken too long."

Fortunately the couple heard about Miracle Method. "This was a great alternative to what we wanted to do," added Henry.

"There was nothing wrong with the existing tub, surround, and vanity; they just looked dated.

"The owner himself came out to give us an estimate. I was very impressed; we didn't bother to get any other quotes."

Miracle Method resurfaced the Zaborniak's cast iron tub and sur-

round, making them look new again. The original vanity counter was plastic, with a marble-look design. Miracle Method resurfaced it to give it more of a granite type finish. The Zaborniaks are very happy with the results.

"It looked like it came out of the showroom," said Henry. "They did a great job; they were very meticulous," he said of the Miracle Method technicians.

The Zaborniaks would not hesitate to use Miracle Method again. "It's cost-effective," said Henry. "If you already have stuff in good condition, it's a great alternative, and good quality.

"I was really very pleased with this company."

Refinishing by the Miracle Method professionals is a viable, quality and cost-effective alternative to replacement.

Visit Miracle Method's showroom at 6264 Seeds Rd. and see firsthand its natural stone look finishes. Visit www.miraclemethod.com/columbus and read testimonials from actual clients. Call Miracle Method at (614) 801-0432.
